

Forgive and start over to love

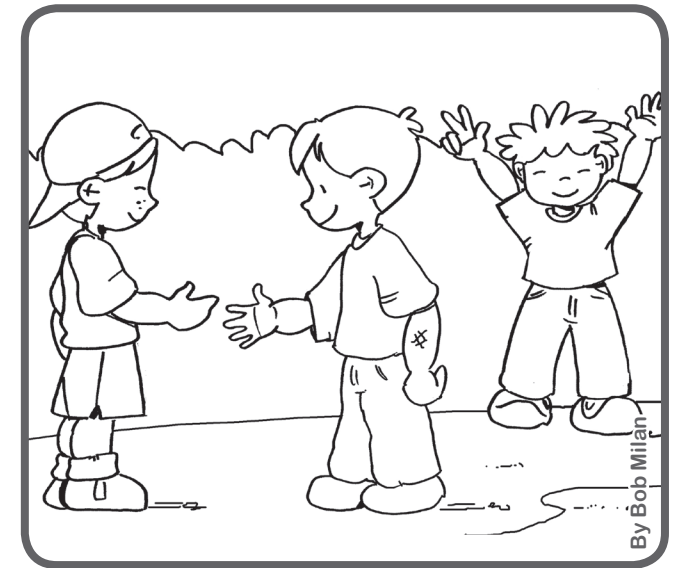

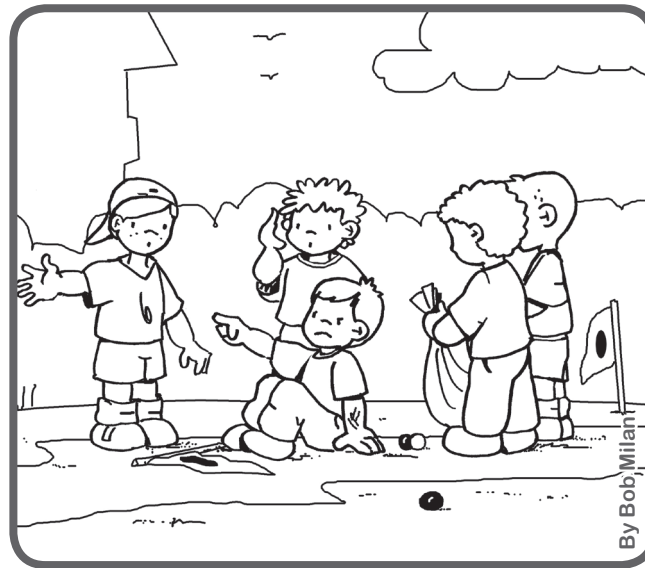

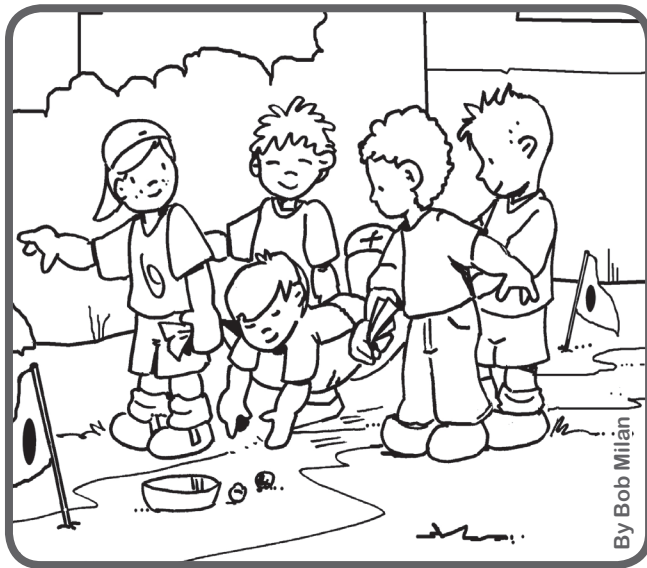

focolare
movement

Alvaro from Spain shared:

“Hi! My name is Alvaro and I’m 8 years old. During a party with my friends, we played a lot of games together. We all won a lot of cards and had fun.

In the last round, Diego hurt me by pulling the blanket out from under me and so I got really mad at him.

Then later, I felt bad, so I forgave him and said I was sorry about getting mad.”
