Felix from Madagascar tells us his experience:

“I was going to a mini-tournament and I wanted to take a friend of mine, Jean, who is a Gen 5. When I went to get him, he wasn't ready, so I had to wait. When we got to the tournament, the teams had already been chosen and so I had to stay on the bench as a substitute. While I was waiting to go on the field, I saw a group of Gen 5 playing by themselves.

I remembered that Jesus is in them and so I went to play with them. Later on, I was called to play because my team had reached the semi-finals – but it was already late and I had to take Jean home!

It wasn't easy to leave, but I did it without getting upset. My “game” that day had been to take care of Jesus in the Gen 5, and in my heart I felt very happy.”
