

The new commandment, commandment of Jesus!
He says: "Love one another as I have loved you!"
He loved us all by giving up his life...
Up to defining giving himself!
So now we have to do the same
Let's start to give the way Jesus did!
Let's start to give the way Jesus did!

Say your good morning with love in your heart (love in your heart) Give your smile, offer a helping hand, Give your idea of a game that you know, (give what you know) Lend an eraser and share your merienda Let's give (this is the greatest joy), Let's give (it is a joy that empieces,) Let's give (and it means to love), Let's give (so shouldn't you love?)!

Say your an morning with love in your heart (love in your heart) Give your smile, offer a helping hand, Give your idea of a game that you know, (give what you know) Lend an eraser and share your merienda

Turned towards His Father Jesus once said:
"What is mine is yours and what is yours is mine!"
We too want to say like this
Only in this way it will be to love
We need to give happiness to the world!
The one who gives love, love, love, love
We need to give happiness to the world!
The one which is give, give, give, give

Say your good morning with love in your heart (love in your heart) Give your smile, offer a helping hand, Give your idea of a game that you know, (give what you know) Lend an eraser and share your merienda Let's give (this is the greatest joy), Let's give (it is a joy that empieces,) Let's give (and it means to love), Let's give (so should you not love?)!

Say your good morning with love in your heart (love in your heart) Give your smile, offer a helping hand, Give your idea of a game that you know, (give what you know) Lend an eraser and share your merienda! Let's give!
