

Let's sing together

Title: **Jesus is our happiness**

Text: **Daniele Ricci**
Music: **Daniele Ricci**

Jesus in the midst is like the air you breathe
You can't see Him but He's deep within
Jesus is our strength and joy without end
He's our happiness!
Jesus is our happiness!

When we love each other, Jesus is among us
Loving one another as He loves
We will always feel his presence when we love
He's our happiness!
Jesus is our happiness!

We will bring Him in our midst
Among people who don't know what peace means
It is Jesus, the world's awaiting
Only Jesus can console many hearts He can enlighten
Yes! It's a feast! Yes!

Mutual love among us is the life we live
Jesus is our bond of unity
When He is among us, it is like a feast
He's our happiness!
Jesus is our happiness!

We will bring Him in our midst
Among people, who don't know what peace means
It is Jesus, the world's awaiting
Only Jesus can console many hearts He can enlighten
Yes! It's a feast! Yes!

Jesus in our midst is like a blazing fire
And we'll always keep it burning in our hearts
Every minute we can start again to love
He's our happiness!
Jesus is our happiness!

He is our peace! Yes!
