Many people ran to hear Jesus and to be cured.

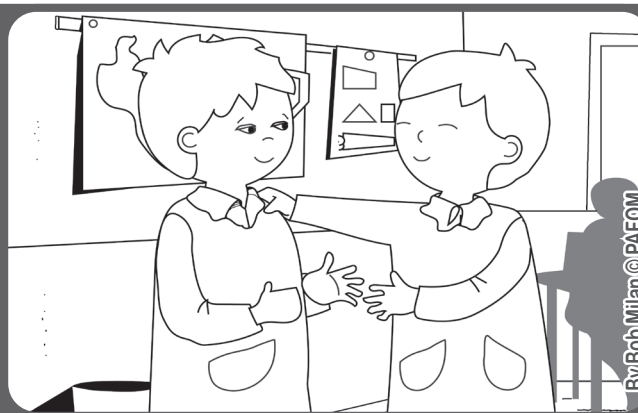

He helped them and then told them to forgive others just as our heavenly Father forgives us.

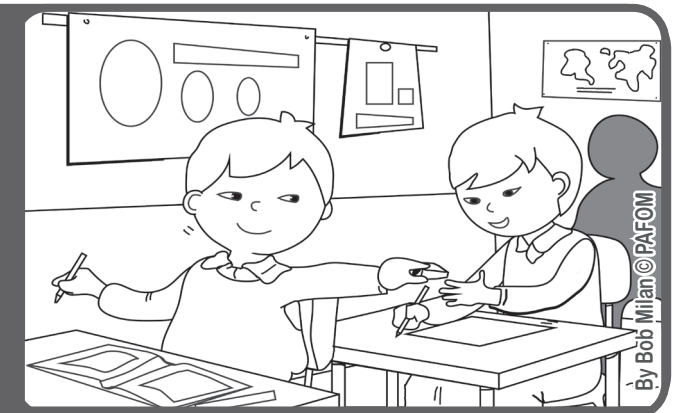

He added that if we don't do that we are like a blind person leading another blind person and they both fall into a hole! (see Lk 6:36-39)

Kim said he was sorry, but Paolo was sad. Then he decided he could forgive him.

The next day Paolo gave a piece of the eraser to another boy who had lost his!
