

Lord God,

the coronavirus is spreading around the world, so we children can't go to kindergarten or school.

We can't play with friends. What hurts most is we can't go to the Gen 4 meeting, where we have so much fun.

Grownups tell us that we have to be careful, even if we wash our hands and put on masks, because this virus is invisible. It's really scary.

But we Gen 4 believe that you, O God, will help us. Give strength and courage to the doctors and nurses who care for the sick.

Give wisdom to the people who are trying to stop the spread of the virus, so that they can find the solution as soon as possible.

And please help the sick! Make it possible for us to see our grandparents, parents and friends again, so that we can play and love one another.

We Gen 4 are praying hard. We throw the dice of love every day and send you many parcels full of love.

Dearest Father in Heaven, we ask you this in the name of Jesus.

Amen!
